

NESST (New England Sector Support Team) Newsflash week ending 5th Jan 2018

Dear All,

Welcome Back to the New Year 2018.

Mail has been a little slow coming through this week, so I have added links to the usual Websites for your convenience to allow you to surf for information.

Websites:

Every day, another 244 Australian families are impacted by a diagnosis, and they need your help.

As Trent's family (left) prepare to face their first Christmas without their Mum, Val, they are thinking about all the other families who are watching dementia take someone they love.

Please donate today and help families through the devastating heartbreak and loss of dementia.

DONATE NOW
